

RAW MATERIALS, FINISHED PRODUCTS, AND MEDICAL DEVICES

Pace Analytical Life Sciences is a full-service contract analytical testing laboratory providing chemistry and microbiology testing services to the pharmaceutical and medical device industries. We have expertise in testing many dosage forms, including: transdermal delivery systems, aerosols, creams/ointments, oral tablets and capsules, medical devices and device/drug combination products.

Medical Devices

- Product Bioburden
- Sterility Test
- Biological Indicators
- Bacterial Endotoxin
- Sterilization Validation Support
- Package Integrity / Ingress Testing

Facility Environmental Monitoring Services

- Clean Room / Controlled Environment Monitoring
- Water Systems Monitoring
- Compressed Air / Compressed Gas Systems
- On-Site Sampling
- Cleaning Verification
- Disinfectant Efficacy

Pharmaceuticals

- Microbial Tests
- Bacterial Endotoxin
- Sterility Test
- Antimicrobial Efficacy Test
- Identification of Organisms
- Particulate Testing
- Bioburden
- Biological Indicators

Pace Analytical Life Sciences operates two state-of-the-art laboratories totaling over 60,000 square feet of laboratory space: one in Oakdale, MN; the other in San German, Puerto Rico. Our labs are cGMP-compliant, FDA established, DEA registered and ISO/IEC 17025:2005 accredited.
