

Pace Analytical Welcomes Bob Dempsey – the New General Manager for the Florida Lab.

Bob Dempsey comes to Pace Analytical with a B.S. degree in Chemistry and Biology from the University of Pittsburgh and 19 years of laboratory experience. He was previously employed by AEL in Jacksonville, FL for six years where he worked as the laboratory manager. His duties included

managing all aspects of the laboratory, including operations and project management. He was responsible for increasing profits in the Jacksonville laboratory, gaining additional certification to decrease sub-contracting costs and increasing revenues. In addition, he assisted the sales staff with client visits and seminars along with implementing a new LIMS system to streamline lab operations. Bob has many years of instrumentation experience along with vast computer skills and laboratory software program knowledge. Bob is also a member of the First Coast Manufacturers Association and the Florida Association of Environmental Professionals. We are very pleased to have a new addition to our team in Florida.
