

*Pace Analytical*<sup>®</sup>

***EZ-CANS***  
Preassembled Air Canisters

***EZ-CANS – THE NEW STANDARD IN TIME-WEIGHTED AIR CANISTER SAMPLING!***

***EZ-CANS – The preferred sampling media for trouble-free, cost-effective whole air sampling.***

***EZ-CANS – Preassembled at the Air Laboratory***

- Totally eliminates in-field assembly
- Verify the vacuum, position the canister and begin sampling
- Preassembly saves you time and money
- No more problems due to assembly issues
- No more missing components

***EZ-CANS – Pretested for leaks and vacuum stability***

- EZ-CANS are leak checked just prior to shipment
- Ensures sufficient vacuum to complete the job
- Eliminates sampling problems in the field

***EZ-CANS – Are shipped prepaid both ways***

- Pace pays for standard shipping to your office and job site.
- A prepaid label in the box covers return shipping to the lab.
- Eliminates estimating shipping costs

***EZ-CANS – Are preferred by professional users 3 to 1 over unassembled canisters***

***Questions? Please call the Air Technical Team and be sure you ask for EZ-CANS.***
