# PacePort®:
ONLINE DATA MANAGEMENT

PacePort—a secure and convenient laboratory data management system—provides Pace Life Sciences customers with instant access to project results and complete test data, all for no additional charge! New functionality includes quick and easy access to account level documents, making it more convenient than ever to work with Pace Analytical® Life Sciences.

ACCESS ACCOUNT-LEVEL DOCUMENTS

- Master Service Agreements (MSAs) & Quality Agreements
- Audits and Surveys
- Analytical Methods & Specifications
- Method Transfer Protocols / Validation Protocols / Validation Reports
- Stability Protocols and Pull Schedules
- Price Quotes

VIEW PROJECT RESULTS AND ALL DATA

- Analysis Request Forms (ARFs)
- Sample Acknowledgement Forms (SAFs)
- Analysis Reports
- Full Data Packages
- Invoices

INSTANT ACCESS TO YOUR LABORATORY INFORMATION

- Run a Status Report on demand for real-time updates on current projects
- Customize your PacePort settings to receive e-mail notification when new documents are available
- Daily Data Package uploads provide once-daily updates to partial data packages as testing is completed and reviewed

Our labs are cGMP-compliant, FDA established, DEA registered and ISO/IEC 17025:2005 accredited.

PacePort is our industry-leading, web-based app that enables you to have instant access to your important laboratory information—anywhere, anytime!
